"It was and is one of the most valuable and important experiences of my life. Ed is by far - not a little bit - the best teacher of this complex and difficult material any of us could imagine. He brought us together as one heart, and in a gentle but powerful way helped us apply to our lives what was meaningful for each of us." - Tahdi Blackstone, IONS ~ LA

"I reluctantly came to the class after weeks of urging from my wife. I'm an atheist and was initially put off by the thought of sitting around discussing spirituality. But after two or three sessions I was hooked. The course has made a major difference in my life. Ed, through his guidance through the text and workbook, has helped me put many things that had been troubling me about myself into perspective and improved my relationships with my wife and children (way more than any psychotherapy I've done). It works." - Mike, Santa Monica

"For as long as I can remember, I've struggled with a deep reservoir of anger and a sense of inadequacy that have clouded my mind and diminished my happiness and personal and professional relationships. Your patient instruction in applying the lessons from ACIM has helped me identify the underlying source of those feelings and given me a practical, powerful approach to living a more loving, grateful, joyous life." – LS, Malibu

"Studying the Course in Miracles with Ed King teaching has allowed me to transform 50 years of pain and suffering into true peace and happiness. Ed opens the door, invites us in, offers us the opportunity to see a way to fundamentally change, shares experiences that inspire ways to try, and then he holds the door open so we can keep practicing while we get it.... and get it.....and get it.....and..... My gratitude for Ed's teaching is as limitless as the possibility for miracles." – Sharon, Beverly Hills
